“ *I loved Barbara like a sister. She was always so loving towards Larry and to me. After his death she never let me forget we were still family and she loved me like family. I loved the way she loved people just as they were. I know she's having a great time in Heaven with Larry and Paul, her mom and dad and so many loved ones already there. She will be dearly missed but so lovingly remembered until we all meet again. Continued prayers to all the family*
