“ I regret that I cannot be there to bid farewell to Diane. Two of my fondest memories of Diane were of her sitting in her driveway or yard playing with the children she was caring for. The other one is of Diane and Mike riding around Bonneville Circle in their cart. She seemed so carefree and happy. Her memory will remain with us all. I pray God will comfort and keep the loved ones Diane leaves behind. Ellen Harris

“ Our world has lost a great person but heaven is having a celebration for her. Everyone should be so lucky to have a person like Diane in their life. There was never a dull moment when she was around. My only hope is when it is my time to go that I have the courage and strength that she had ! Our phone calls we had always made me remember all the great times we had ! I Will miss that, but one day we will have a celebration in heaven ! Love and prayers to her great family ! “ Bennie and I have so many great memories we have shared with Di and the family. If you were having a bad day and she happened to call at that time before you got off the phone you would be in a lot better mood. She was always in a upbeat state of mind. We love her so much and we will cherish all our wonderful times we had together. Di, Pooh, and me worked together at Dixie Saving Stores. We had lots of fun and crazy days there. She will be missed. Love, Bennie and Ellen Lusk

“ Nanny was one of the strongest women I have ever known. She will be missed by so many. I love her so much and hate that she suffered the way she did. Cancer is an evil evil thing but she no longer feels pain and is in heaven rejoicing with the Lord. It would be selfish for me to want her back in this cruel world but it's so hard to let go. I love you nanny.

“ *Diane became my son Bradley's Nanny in June 2005. My life was forever changed by the love she has for the kids she cares for. She showed me how to be a mother since it was my first time. She was no nonsense and your biggest cheerleader. When Bradley and I moved to lookout Valley in 2006 she looked after me as well. Bradley had put his hand on the stove top and burned his hand. Most people call 911 or jump into a car and go to the hospital. I called Diane (Nanny), she and Mike were at my house in less than 5 minutes. She consoled me, went to the store, came back and doctored my baby and gave me my instructions. She was always there, we loved her, she loved us. She saw more of my son's first and most of all, taught me a lot of my first on how to raise a child! She was and is always an ANGEL.*
