“ *I remember spending a lot of time over at Aunt Estelle's house on summer breaks. She would let us swim all day and she would occasionally turn the pool lights on and let us swim at night (this was a favorite of mine). I also remember her telling me how her house was haunted and had ghosts!!! But not to worry because she blessed the house with holy water. I'm sure you can guess how terrifying this was for a young child => I couldn't even begin to wrap my little brain around how the holy water was going to protect us from the ghosts. I know one thing, I wouldn't go to the bathroom by myself at night...lol And the games of marbles, who can forget all the games we played up there. I can still see Aunt Estelle, Grandma Daisy, Uncle Grady and who knows who else, sitting in the kitchen playing games. Good times, boy do I miss them.*

“ I remember Estelle from many years ago in Alton Park. As a child, I used to spend time with her parents, Nancy & "Bud" Jordan, and sometimes playing with her son Jimmy and my brother Kenneth. From those memories, I remember how "well-dressed" she was, with her hair always in place. She worked for the Glass Company, and her mother was her official baby sitter. I was able to re-connect with Estelle several years ago, and enjoyed so much hearing her and my Aunt Louise talk about the old days in Alton Park. I want to express to John (or Johnny as I knew him), and his family, including our dear friend Daisy, our deepest sympathy. God's grace is always sufficient, and the beautiful thought about parting this life is knowing our loved one is safe in Jesus' arms. We love you. Nancy Monds Isham (Ronald), Crawfordville, Florida
