“ *I'm so sorry to read about Estol's passing. He was a great neighbor and friend. He spent a lot of time with my dad and was there to support us when dad passed. He was loved by my family!*

“ *Estol was one of those people you don't have to make up good things to say about. He lived the Golden Rule as true as anyone I've ever known. I worked with Estol his whole career at ECI, and I honestly cannot think of a person he encountered who did not like and respect him. It is hard to drive through this area and not pass numerous buildings he had a hand in building.*

He loved his family and was intentional in letting that be known. And I know how much they loved and will miss him. A little bit of him will live on in our memories here at work as well.

Estol, I can imagine your entrance into Heaven, with you immediately scheduling a big cookout for your own welcome reception. I always remember anytime I went to lunch with you, when I asked what you were up for, you saying “anything but a cold sandwich”.

Rest in peace “Bro”!

“ *Theresa, I was so sad to hear of Estol's passing. But we know he is with our Lord now, no more suffering or pain and that the Lord our God will ease your pain and give you peace. Your friend, Cheryl Forester Clark.*

“ Theresa, Mandy, and family, I was really sad to hear that Estol had passed. I am praying for your family during this time.

Estol was one of the finest, most reliable people I have ever known. In the 29 years he worked at ECI, we could always count on Estol to be there for us, even when the going got tough. He was a great mentor over the years to many of the young technicians he worked with and is held in high regard by all who worked with him.

Estol will be missed by all who knew him - he was one of the best.

“ *Estol was always friendly and helpful to me. Thru the years I was fortunate to have known him, he once called me up out of the blue and asked me if my wife and I was still without power after some storms had move thru our area.*

It was still off and we had no ideal when it maybe back on.

He offered to loan us his and Theresa's Generator and even offered to bring it to us.

We gladly accepted the loan but we insisted on coming to get it.

It was 2 to three days before our power was restored.

What a blessing that was for us.

We will always be grateful for their generosity.

Every time we thought of Estol we will always have that kind memory of he and Theresa.

You have been missed ever since you retired that day Estol.

To your family Susan and I are so sorry for your loss.

Theresa.

If there is anything you need please feel free to reach out, you can reach me thru work if need be.

Prayers to you all.
