“ Jacob was my little side kick at work. He has more manors than anyone I've ever been around. And very very kind hearted. Jacob had the smile that would light up a room. anytime I would fly walls over the jig I was so worried about hitting him with them cause he would always test me and keep getting closer lol. He was not scared of anything just got a kick out of making me flip out cause I was afraid if hit him. By the time I got to his side to tack it I would always act like I didn't mean to tap him on the head with my remote it was like clock work. He would look at me and be like yeah accident huh lol. It stinks I won't be seeing my little side kick anymore. I wanna cry every time I don't see him sitting on that seat. Jacob will be missed severely.

“ A life taken way too soon! He was a nice young man! Always friendly and respectful when I delivered to him. My friend (also a dasher) got stuck in the ditch at his house and he helped get her out when I came with my truck. Got a few good laughs and couple jokes about it. So sad. I will keep his family in my prayers.
