“ So very sorry to learn of Johnny's passing. What a great guy. We remember fondly the years (as we were growing up) hearing our parents talk about Johnny & Ginger & the Girls and our times spent together. Daddy thought so highly of Johnny, as they were Ironworker buddies for years. Then we have the "Blevins Connection" (Ginger) which weighs greatly in our memories too.

Probably the last time we were all together was at a 4th of July Music "Conflab" at New England in the mid-80s (pictures available upon request!)

Although we married and moved away our fond memories of years of friendship are NEVER far away.

It has been too long since seeing all of you. Hugs to each of you and prayers for God's peace & comfort to enfold you at this time. We love you.

“ Gin, I am so sorry for your loss and I know he will be greatly missed. Shortly after I started work in the office at L-704, Johnny filled in as Business Agent several times. He was such a great person. Enjoyed talking about music with him. I shared a story about a mandolin I sold and cried for days. When I finished Johnny looked at me and said "Janet I hate to tell you but I have that mandolin." We had a good laugh.. So glad he ended up with it.

My thoughts and prayers are with you and family during this time.

“ Alice and Sandra, I was so sorry to hear about your Dad. My Dad passed away the very same night and I was sitting outside the office at the funeral home waiting to make arrangements when the two of you were there but I had no idea until you left that it was ya'll because I didn't see you leave. My heart goes out to you. It's hard when us girls lose our Daddys. You'll be in my prayers. Love and hugs to you both. Lisa Downer Murphy.

“ Johnny was a deacon at New England Baptist Church and was faithful in his leadership role in the church. As his health declined he could not attend as regularly as he wanted. Johnny will be missed by his family and his church family. I had the tremendous privilege to be his interim pastor for the past four months.
