“ Rodney and Tammy
I never got to meet Brooke but heard nothing but wonderful things about her. And that's because she was a reflection of you both. It's hard not to just fall to pieces when we think about what the two of you are going through. I pray that through family and friends and time, your grief will soften and your tears will lighten. Our sincere condolences.

“ Brooke and I went to Boyd-Buchanan together, but it was not until college when we became friends. When I was at Samford she helped me out when I was in a new environment and knew no one. Hanging out online or grabbing a bite to eat was always a great time to take the stress of life away. I will always cherish those times and admired her hard work and dedication to her studies. She was a great friend and I am saddened by the news of her passing and I am praying for the family that I know loved her dearly.

“ Rodney and Tammy, we are heartbroken over this. Having met Brooke many times over the years I could tell that she would become a wonderful person and indeed she did. A loss such as this is so tremendously difficult, know that you are not alone in this. Brooke is a reflection of both of you, both kind and caring people. I was always happy to see the pride that you took in Brooke and her achievements and fortitude. I could tell she is well loved. You are in our thoughts and prayers always.

Our condolences,

Rodney and Tammy, Our hearts are broken for you. Brooke was an amazing young lady and we have such great memories of her when she and the girls were young. The ball games, traveling back and forth to BBS, laughing at silly girl things and just having fun. She was a light in this world and I know you will miss her more than words can say. May Christ wrap his arms around you and comfort you as only He can. Love you both. Darrell and Melissa Tinker
