“ *Our thoughts and prayers are with you all with Myrtle's passing. She was a special lady, always enjoyed visiting with her. She enjoyed watching and feeding the birds, and she loved lighthouses! Rita and Terri, you both are very special to us, we love you and your families; you are in our hearts at this sad time. Looking forward to that soon day when Jesus will call out Myrtle's name and wake her from her sleep, and take her and everyone that is ready, home to be in heaven; where there will be NO more sorrow, pain or death. Praying we will all be ready for that soon day. Love and Hugs, Darell & Becky*

“ I always remember eating little trees (broccoli) while sitting in the red step stool....running round and round the hall....thinking we were in a cave under the house....loved sticking my head up the attic ladder....running around the yard catching fireflies and sticking our fingers with the sticker tree....and the many most wonderful, favorite summer trips to Stella!eating collards and cornbread at Mrs Godwins...sitting on the glider on the porch...and seeing Myrtle every time I had to go to DR Fillers....Myrtle was a second Mom and a longtime friend to my mother Helen...Thoughts and prayers for Rita and Terri and the family!
