“ I first met Nancy in 1973 after moving into Nevil Stephens trailer park. My mother and I lived in the first trailer directly across the road from Nancy. Eventually Nancy and I started talking and we became good friends. We didn't hang out much because we always hung out at her house but Dorothy was very protective and seldom let her out of her sight. She never came to my house but she wanted to. My mama got laid off from her job in 1975 and we moved to Chattanooga. We still visited Trenton a lot because of family and I'd run into Nancy every now and then. She always hugged me and was so excited to see me. She even came to my house in tiftonia with my sister in law once. That was the last time I saw her. I didn't know she had cancer until she had gotten bad and no one let me know she had passed. I seen it in the Dade Co Sentinel the following week. Nancy was my friend and I still think of her from time to time. I'm thankful for the friendship and time I did have with her, I'm just sorry I didn't have the opportunity to tell her that. Somehow I think she knew. Rip my friend.

“ I loved Nancy Drew from the moment I met her. She was beautiful inside and out. She loved her children, and was always eager to tell people about her grandchildren. She was so proud of her grandkids.same was a very good friend to me. Even when I would loose contact with her for years, once reconnected it was almost as if we had never been apart. She could light up the room with her smile. She was a very free given person. She didn't have much, but was quick to offer what she did have to others. She was also very humble, she was thankful for what she did have. She never forgot the things I had done for her, and would remind me. (Even years after the fact) I know she appreciated it, because she remembered small acts of kindness. I have never witnessed her speak vain of anyone. I loved her as she was very dear to me. I will always remember her. (tears flowing down my face as I remember my friend...) Fly Sweet Angel fly high. <3 R. I. P <3
