“ *Uncle Rusty you will be missed, you were always my coolest favorite uncle, and in the 70s you were my only friend in California . Thank you for looking out for me and taking time to show me love. You were a tough guy on the inside and out. But somehow I knew you had a big heart and you treated me better than any other man ever has! I will miss you and think of the good times often . Peace and love to Brooke and Jennifer, and Mary . Please raise heck in heaven . I love you Brad*
